Meister Abrasives Corporation is an international manufacturer of high precision industrial abrasive products, offering superabrasive grinding wheels, dressing tools, ancillary equipment, and free technical support to provide customers with complete, customized turnkey solutions to their grinding problems. Meister Abrasives has divisions in Switzerland, USA, the United Kingdom, Italy, China, and Hong Kong.

Meister Abrasives USA was established in 1988, and from our state-of-the-art manufacturing facility in North Kingstown RI, we supply the North American market with US-made superabrasive wheels and accessories.

Our portfolio of products includes:

- Custom-designed Vitrified and Hybrid bonded CBN and Diamond grinding wheels
- Plated CBN and Diamond bore-grinding wheels
- Custom-designed quills and grinding arbors in steel, heavy metal, and tungsten carbide
- Dressing cups and disks in metal, plated, hand-set, monolayer, vitrified, and hybrid bondings
- High frequency and pneumatic dressing spindles

Meister Abrasives grinding competence for highlevel industrial applications
